(1909, c. 444, s. 2; C.S., s. 6688; 1935, c. 63; 1967, c. 691, s. 43.)

In addition to the exemptions from this Article otherwise existing the following acts or practices shall not constitute the unlawful practice of optometry:

- (1) The practice of optometry, in the discharge of their official duties, by optometrists in any branch of the Armed Forces of the United States or in the full employ of any agency of the United States.
- (2) The teaching of optometry, in optometry schools or colleges operated and conducted in this State and approved by the North Carolina State Board of Examiners in Optometry, by any person or persons licensed to practice optometry anywhere in the United States or in any country, territory or other recognized jurisdiction; provided, however, that such teaching of

optometry by any person or persons licensed in any jurisdiction other than a place in the United States must first be approved by the North Carolina State Board of Examiners in Optometry.

- (3) The practice of optometry by students enrolled in optometry schools or colleges approved by the North Carolina State Board of Examiners in Optometry when such practice is performed as a part of the student's course of instruction, is under the direct supervision of an optometrist who is either duly licensed in North Carolina or qualified under subdivision (2) above as a teacher, and is conducted in accordance with such rules as may be established for such practice by the North Carolina State Board of Examiners in Optometry. Additionally, the practice of optometry by such students at any location upon patients or inmates of institutions wholly owned or operated by the State of North Carolina or any political subdivision or subdivisions thereof when, in the opinion of the dean of such optometry school or college or his designee, the student's optometric education and experience is adequate therefor, subject to review and approval by the said Board of Examiners in Optometry, and such practice is a part of the course of instruction of such students, is performed under the supervision of a duly licensed optometrist acting as a teacher or instructor and is without remuneration except for expenses and subsistence as defined and permitted by the rules and regulations of said Board of Examiners in Optometry.
- (4) The temporary practice of optometry by licensed optometrists of another state or of any territory or country when the same is performed, as clinicians, at meetings or organized optometric societies, associations, colleges or similar optometric organizations, or when such optometrists appear in emergency cases upon the specific call of and in consultation with an optometrist duly licensed to practice in this State.
- (5) The practice of optometry by a person who is a graduate of an optometric school or college approved by the North Carolina State Board of Examiners in Optometry and who is not licensed to practice optometry in this State, when such person is the holder of a valid intern permit, or provisional license, issued to him by the North Carolina State Board of Examiners in Optometry pursuant to the terms and provisions of this Article, and when such practice of optometry complies with the conditions of said intern permit, or provisional license.
- (6) Any act or acts performed by an optometric assistant or technician to an optometrist licensed to practice in this State when said act or acts are authorized and permitted by and performed in accordance with rules and regulations promulgated by the Board.
- (7) Optometric assisting and related functions as a part of their instructions by optometric assistant students enrolled in a course conducted in this State and approved by the Board, when such functions are performed

under the supervision of an optometrist acting as a teacher or instructor who is either duly licensed in North Carolina or qualified for the teaching of optometry pursuant to the provisions of subdivision (2) above. (1975, c. 733; 1989, c. 321; 2011-183, s. 61.)

§ 90-116. Board of Examiners in Optometry.

In order to properly regulate the practice of optometry, there is established a North Carolina State Board of Examiners in Optometry, which shall consist of five regularly graduated optometrists who have been engaged in the practice of optometry in this State for at least five years and two members to represent the public at large.

No public member shall at any time be a health care provider, be related to or be the spouse of a health care provider, or have any pecuniary interest in the profitability of a health care provider. For purposes of this section, the term "health care provider" shall have the same meaning as provided in G.S. 58-47-5(4). The Governor shall appoint the two public members not later than July 1, 1981.

The optometric members of the Board shall be appointed by the Governor from a list provided by the North Carolina State Optometric Society. For each vacancy, the society must submit at least three names to the Governor. The society shall establish procedures for the nomination and election of optometrist members of the Board. These procedures shall be adopted under the rule-making procedures described in Article 2A, Chapter 150B of the General Statutes, and notice of the proposed procedures shall be given to all licensed optometrists residing in North Carolina. Such procedures shall not conflict with the provisions of this section. Every optometrist with a current North Carolina license residing in the State shall be eligible to vote in all such elections, and the list of licensed optometrists shall constitute the registration list for elections. Any decision of the society relative to the conduct of such elections may be challenged by civil action in the Wake County Superior Court. A challenge must be filed not later than 30 days after the society has rendered the decision in controversy, and all such cases shall be heard de novo.

All Board members serving on June 30, 1981, shall be eligible to complete their respective terms. No member appointed to a term on or after July 1, 1981, shall serve more than two complete consecutive five-year terms, except that each member shall serve until his successor is chosen and qualifies.

The Governor may remove any member for good cause shown. Any vacancy in the optometrist membership of the Board shall be filled for the period of the unexpired term by the Governor from a list of at least three names submitted by the North Carolina State Optometric Society Executive Council. Any vacancy in the public membership of the Board shall be filled by the Governor for the unexpired term. (1909, c. 444, s. 3; 1915, c. 21, s. 1; C.S., s. 6689; 1935, c. 63; 1981, c. 496, s. 1; 1987, c. 827, s. 1; 2000-189, s. 5.)

§ 90-117. Officers; common seal.

The North Carolina State Board of Examiners in Optometry shall, at each annual meeting thereof, elect one of its members president and one secretary-treasurer. The common seal which has already been adopted by said Board, pursuant to law, shall be continued as the seal of said Board. (1909, c. 444, s. 4; C.S., s. 6690; 1935, c. 63; 1953, c. 1041, s. 11; 1973, c. 800, s. 1.)

§ 90-117.1. Quorum; adjourned meetings.

A majority of the members of said Board shall constitute a quorum for the transaction of business. If a majority of members are not present at the time and the place appointed for a Board meeting, those members of the Board in attendance may adjourn from day to day until a quorum is present, and the action of the Board taken at any adjourned meeting thus had shall have the same force and effect as if had upon the day and at the hour of the meeting called and adjourned from day to day. (1973, c. 800, s. 2; 1981, c. 496, s. 2.)

§ 90-117.2. Records and transcripts.

The said Board shall keep a record of its transactions at all annual or special meetings and shall provide a record book in which shall be entered the names and proficiency of all persons to whom licenses may be granted under the provisions of law. The said book shall show, also, the license number and the date upon which such license was issued and shall show such other matters as in the opinion of the Board may be necessary or proper. Said book shall be deemed a book of record of said Board and a transcript of any entry therein or a certification that there is not entered therein the name, proficiency and license number or date of granting such license, certified under the hand of the secretary-treasurer, attested by the seal of the North Carolina State Board of Examiners in Optometry, shall be admitted as evidence in any court of this State when the same shall otherwise be competent. (1973, c. 800, s. 3.)

§ 90-117.3. Annual and special meetings.

The North Carolina State Board of Examiners in Optometry shall meet annually in June of each year at such place as may be determined by the Board, and at such other times and places as may be determined by action of the Board or by a majority of the members thereof. Notice of the place of the annual meeting and of the time and place of any special or called meeting shall be given in writing, by registered or certified mail or personally, to each member of the Board at least 10 days prior to said meeting; provided the requirements of notice may be waived by any member of the Board. At the annual meeting or at any special or called meeting, the said Board shall have the power to conduct examination of applicants and to transact such other business as may come before it, provided that in case of a special meeting, the purpose for which said meeting is called shall be stated in the notice. (1973, c. 800, s. 4; 1981, c. 496, s. 3.)

§ 90-117.4. Judicial powers; additional data for records.

The president of the North Carolina State Board of Examiners in Optometry, and/or the secretary-treasurer of said Board, shall have the power to administer oaths, issue subpoenas requiring the attendance of persons and the production of papers and records before said Board in any hearing, investigation or proceeding conducted by it. The sheriff or other proper official of any county of the State shall serve the process issued by said president or secretary-treasurer of said Board pursuant to its requirements and in the same manner as process issued by any court of record. The said Board shall pay for the service of all process, such fees as are provided by law for the service of like process in other cases.

Any person who shall neglect or refuse to obey any subpoena requiring him to attend and testify before said Board or to produce books, records or documents shall be guilty of a Class 1 misdemeanor.

The Board shall have the power, upon the production of any papers, records or data, to authorize certified copies thereof to be substituted in the permanent record of the matter in which

such books, records or data shall have been introduced in evidence. (1973, c. 800, s. 5; 1993, c. 539, s. 627; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 90-117.5. Bylaws and regulations.

The North Carolina State Board of Examiners in Optometry shall have the power to make necessary bylaws and regulations, not inconsistent with the provisions of this Article, regarding any matter referred to in this Article and for the purpose of facilitating the transaction of business by the said Board. (1973, c. 800, s. 6.)

§ 90-118. Examination and licensing of applicants; qualifications; causes for refusal to grant license; void licenses; educational requirements for prescription and use of pharmaceutical agents.

(a) The North Carolina State Board of Examiners in Optometry shall grant licenses to practice optometry to such applicants who are graduates of an accredited optometric institution, who, in the opinion of a majority of the Board, shall undergo a satisfactory examination of proficiency in the knowledge and practice of optometry, subject, however, to the further provisions of this section and to the provisions of this Article.

(b) The applicant shall be of good moral character and at least 18 years of age at the time the application for examination is filed. The application shall be made to the said Board in writing and shall be accompanied by evidence satisfactory to said Board that the applicant is a person of good moral character; has an academic education, the standard of which shall be determined by the said Board; and that he is a graduate of and has a diploma from an accredited optometric college or the optometric department of an accredited university or college recognized and approved as such by the said Board.

(c) The North Carolina State Board of Examiners in Optometry is authorized to conduct both written or oral and clinical examinations of such character as to thoroughly test the qualifications of the applicant, and may refuse to grant a license to any person who, in its discretion, is found deficient in said examination, or to any person guilty of cheating, deception, or fraud during such examination, or whose examination discloses, to the satisfaction of the Board, a deficiency in academic education. The Board may employ such optometrists found qualified therefor by the Board in examining applicants for licenses as it deems appropriate.

(d) Any license obtained through fraud or by any false representation shall be void ab initio and of no effect.

(e) The Board shall not license any person to practice optometry in the State of North Carolina beyond the scope of the person's educational training as determined by the Board. No optometrist presently licensed in this State shall prescribe and use pharmaceutical agents in the practice of optometry unless and until he (i) has submitted to the Board evidence of satisfactory completion of all educational requirements established by the Board to prescribe and use pharmaceutical agents in the practice of optometry and (ii) has been certified by the Board as educationally qualified to prescribe and use pharmaceutical agents.

Provided, however, that no course or courses in pharmacology shall be approved by the Board unless (i) taught by an institution having facilities for both the didactic and clinical instruction in pharmacology and which is accredited by a regional or professional accrediting organization that is recognized and approved by the Council on Postsecondary Accreditation or the United States Office of Education and (ii) transcript credit for the course or courses is certified to the Board by the institution as being equivalent in both hours and content to those courses in pharmacology

required by the other licensing boards in this Chapter whose licensees or registrants are permitted the use of pharmaceutical agents in the course of their professional practice. (1909, c. 444, s. 5; 1915, c. 21, ss. 2, 3, 4; C.S., s. 6691; 1923, c. 42, ss. 2, 3; 1935, c. 63; 1949, c. 357; 1959, c. 464; 1973, c. 800, s. 7; 1975, c. 19, s. 23; 1977, c. 482, s. 2; 1981, c. 496, ss. 4, 5; 1997-75, s. 4.1.)

§ 90-118.1. Contents of original license.

The original license granted by the North Carolina State Board of Examiners in Optometry shall bear a serial number, the full name of the applicant, the date of issuance and shall be signed by the president and a majority of the members of the said Board and attested by the seal of said Board and the secretary thereof. The certificate of renewal of license shall bear a serial number which need not be the serial number of the original license issued, the full name of the applicant and the date of issuance. (1973, c. 800, s. 8.)

§ 90-118.2. Displaying license and current certificate of renewal.

The license and the current certificate of renewal of license to practice optometry issued, as herein provided, shall at all times be displayed in a conspicuous place in the office of the holder thereof and whenever requested the license and the current certificate of renewal shall be exhibited to or produced before the North Carolina State Board of Examiners in Optometry or to its authorized agents.

A licensee who practices in more than one office location shall make application to the Board for a duplicate license for each branch office for display as required by this section. In issuing a duplicate license, the address of the branch office location and the original certificate number shall be included. At the time of the annual renewal of licenses, those optometrists who have been issued a duplicate license for a branch office, shall make application to the North Carolina Board of Examiners in Optometry on a form provided by the Board for the renewal of the license in the same manner as provided for in G.S. 90-118.10 for the renewal of his license. The holder of a certificate for a branch office may cancel it by returning the certificate to the Secretary of the Board. (1973, c. 800, s. 9; 1981, c. 811, s. 1.)

§ 90-118.3. Refusal to grant renewal of license.

For nonpayment of fee or fees required by this Article, or for violation of any of the terms or provisions of G.S. 90-121.2, the North Carolina State Board of Examiners in Optometry may refuse to issue a certificate of renewal of license. (1973, c. 800, s. 10; 1981, c. 811, s. 2.)

§ 90-118.4. Duplicate licenses.

When a person is a holder of a license to practice optometry in North Carolina or the holder of a certificate of renewal of license, he may make application to the North Carolina State Board of Examiners in Optometry for the issuance of a copy or a duplicate thereof accompanied by a reasonable fee set by the Board. Upon the filing of the application and the payment of the fee, the said Board shall issue a copy or duplicate. (1973, c. 800, s. 11.)

§ 90-118.5. Licensing practitioners of other states.

(a) If an applicant for licensure is already licensed in another state in optometry, the North Carolina State Board of Examiners in Optometry shall issue a license to practice optometry to the applicant without examination other than a clinical practicum examination upon evidence that:

- (1) The applicant is currently an active, competent practitioner in good standing, and
- (2) The applicant has practiced at least three out of the five years immediately preceding his or her application, and
- (3) The applicant currently holds a valid license in another state, and
- (4) No disciplinary proceeding or unresolved complaint is pending anywhere at the time a license is to be issued by this State, and
- (5) The licensure requirements in the other state are equivalent to or higher than those required by this State.

(b) Application for license to be issued under the provisions of this section shall be accompanied by a certificate from the optometry board or like board of the state from which said applicant removed, certifying that the applicant is the legal holder of a license to practice optometry in that state, and for a period of at least three out of five years immediately preceding the application has engaged in the practice of optometry; is of good moral character and that during the period of his practice no charges have been filed with said board against the applicant for the violation of the criminal laws of the state or the United States, or for the violation of the ethics of the profession of optometry.

(c) Application for a license under this section shall be made to the North Carolina State Board of Examiners in Optometry within six months of the date of the issuance of the certificate hereinbefore required, and said certificate shall be accompanied by the diploma or other evidence of the graduation from an accredited, recognized and approved optometry college, school or optometry department of a college or university.

(d) Any license issued upon the application of any optometrist from any other state or territory shall be subject to all of the provisions of this Article with reference to the license issued by the North Carolina State Board of Examiners in Optometry upon examination of applicants and the rights and privileges to practice the profession of optometry under any license so issued shall be subject to the same duties, obligations, restrictions and the conditions as imposed by this Article on optometrists originally examined by the North Carolina State Board of Examiners in Optometry. (1973, c. 800, s. 12; 1981, c. 496, ss. 6, 7.)

§ 90-118.6. Certificate issued to optometrist moving out of State.

Any optometrist duly licensed by the North Carolina State Board of Examiners in Optometry, desiring to move from North Carolina to another state, territory or foreign country, if a holder of a certificate of renewal of license from said Board, upon application to said Board and the payment to it of the fee in this Article provided, shall be issued a certificate showing his full name and address, the date of license originally issued to him, the date and number of his renewal of license, and whether any charges have been filed with the Board against him. The Board may provide forms for such certificate, requiring such additional information as it may determine proper. (1973, c. 800, s. 13.)

§ 90-118.7. Licensing former optometrists who have moved back into State or resumed practice.

Any person who shall have been licensed by the North Carolina State Board of Examiners in Optometry to practice optometry in this State who shall have retired from practice or who shall have moved from the State and shall have returned to the State, may, upon a satisfactory showing to said Board of his proficiency in the profession of optometry and his good moral character during

the period of his retirement, or absence from the State, be granted by said Board a license to resume the practice of optometry upon making application to the said Board in such form as it may require. The license to resume practice, after issuance thereof, shall be subject to all the provisions of this Article. (1973, c. 800, s. 14.)

§§ 90-118.8 through 90-118.9. Repealed by Session Laws 1981, c. 811, ss. 4, 5.

§ 90-118.10. Annual renewal of licenses.

Since the laws of North Carolina now in force provided for the annual renewal of any license issued by the North Carolina State Board of Examiners in Optometry, it is hereby declared to be the policy of this State that all licenses heretofore issued by the North Carolina State Board of Examiners in Optometry, or hereafter issued by said Board are subject to annual renewal and the exercise of any privilege granted by any license heretofore issued or hereafter issued by the North Carolina State Board of Examiners in Optometry is subject to the issuance on or before the first day of January of each year of a certificate of renewal of license.

On or before the first day of January of each year, each optometrist engaged in the practice of optometry in North Carolina shall make application to the North Carolina State Board of Examiners in Optometry and receive from said Board, subject to the further provisions of this section and of this Article, a certificate of renewal of said license.

The application shall show the serial number of the applicant's license, his full name, address and the county in which he has practiced during the preceding year, the date of the original issuance of license to said applicant and such other information as the said Board from time to time may prescribe by regulation.

If the application for such renewal certificate, accompanied by the fee required by this Article, is not received by the Board before January 31 of each year, an additional fee of fifty dollars (\$50.00) shall be charged for renewal certificate. If such application accompanied by the renewal fee is not received by the Board before March 31 of each year, every person thereafter continuing to practice optometry without having applied for a certificate of renewal shall be guilty of the unauthorized practice of optometry and shall be subject to the penalties prescribed by G.S. 90-118.11.

In issuing a certificate of renewal, the Board shall expressly state whether such person, otherwise licensed in the practice of optometry, has been certified to prescribe and use pharmaceutical agents. (1973, c. 800, s. 17; c. 1092, s. 1; 1977, c. 482, s. 3; 1987, c. 645, s. 3.)

§ 90-118.11. Unauthorized practice; penalty for violation of Article.

If any person shall practice or attempt to practice optometry in this State without first having passed the examination and obtained a license from the North Carolina State Board of Examiners in Optometry; or without having obtained a provisional license from said Board; or if he shall practice optometry after March 31 of each year without applying for a certificate of renewal of license, as provided in G.S. 90-118.10; or shall practice or attempt to practice optometry while his license is revoked, or suspended, or when a certificate of renewal of license has been refused; or shall practice or attempt to practice optometry by means or methods that the Board has determined is beyond the scope of the person's educational training; or shall violate any of the provisions of this Article for which no specific penalty has been provided; or shall practice, or attempt to practice, optometry in violation of the provisions of this Article; or shall practice optometry under any name other than his own name, said person shall be guilty of a Class 1 misdemeanor. Each

day's violation of this Article shall constitute a separate offense. (1973, c. 800, s. 18; 1977, c. 482, s. 4; 1981, c. 496, s. 10; 1993, c. 539, s. 628; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 90-119. Persons in practice before passage of statute.

Every person who had been engaged in the practice of optometry in the State for two years prior to the date of the passage of this Article shall hereafter file an affidavit as proof thereof with the Board. The secretary shall keep a record of such persons who shall be exempt from the provisions of the preceding section [G.S. 90-118]. Upon payment of three dollars (\$3.00) he shall issue to each of them certificates of registration without the necessity of an examination. Failure on the part of a person so entitled within six months of the enactment of this Article to make written application to the Board for the certificate of registration accompanied by a written statement, signed by him and duly verified before an officer authorized to administer oaths within this State, fully setting forth the grounds upon which he claims such certificate, shall be deemed a waiver of his right to a certificate under the provisions of this section. A person who has thus waived his right may obtain a certificate thereafter by successfully passing examination and paying a fee as provided herein. (1909, c. 444, ss. 6, 7, 9; C.S., s. 6692.)

§§ 90-120 through 90-121. Repealed by Session Laws 1973, c. 800, ss. 19, 20.

§ 90-121.1. Board may enjoin illegal practices.

In view of the fact that the illegal practice of optometry imminently endangers the public health and welfare, and is a public nuisance, the North Carolina State Board of Examiners in Optometry may, if it shall find that any person is violating any of the provisions of this Article, apply to the superior court for a temporary or permanent restraining order or injunction to restrain such person from continuing such illegal practices. If upon such application, it shall appear to the court that such person has violated, or is violating, the provisions of this Article, the court shall issue an order restraining any further violating thereof. All such actions by the Board for injunctive relief shall be governed by the provisions of Article 37 of Chapter 1 of the General Statutes: provided, such injunctive relief may be granted regardless of whether criminal prosecution has been or may be instituted under the provisions of G.S. 90-124. Actions under this section shall be commenced in the superior court district or set of districts as defined in G.S. 7A-41.1 in which the respondent resides or has his principal place of business. (1973, c. 800, s. 19; 1981, c. 496, s. 11; 1987 (Reg. Sess., 1988), c. 1037, s. 101.)

§ 90-121.2. Rules and regulations; discipline, suspension, revocation and regrant of certificate.

(a) The Board shall have the power to make, adopt, and promulgate such rules and regulations, including rules of ethics, as may be necessary and proper for the regulation of the practice of the profession of optometry and for the performance of its duties. The Board shall have jurisdiction and power to hear and determine all complaints, allegations, charges of malpractice, corrupt or unprofessional conduct, and of the violation of the rules and regulations, including rules of ethics, made against any optometrist licensed to practice in North Carolina. The Board shall also have the power and authority to: (i) refuse to issue a license to practice optometry; (ii) refuse to issue a certificate of renewal of a license to practice optometry; (iii) revoke or suspend a license to practice optometry; and (iv) invoke such other disciplinary measures, censure, or probative

- (2) Is a chronic or persistent user of intoxicants, drugs or narcotics to the extent that the same impairs his ability to practice optometry;
- (3) Has been convicted of any of the criminal provisions of this Article or has entered a plea of guilty or nolo contendere to any charge or charges arising therefrom;
- (4) Has been convicted of or entered a plea of guilty or nolo contendere to any felony charge or to any misdemeanor charge involving moral turpitude;
- (5) Has been convicted of or entered a plea of guilty or nolo contendere to any charge of violation of any State or federal narcotic or barbiturate law;
- (6) Has engaged in any act or practice violative of any of the provisions of this Article or violative of any of the rules and regulations promulgated and adopted by the Board, or has aided, abetted or assisted any other person or entity in the violation of the same;
- (7) Is mentally, emotionally, or physically unfit to practice optometry or is afflicted with such a physical or mental disability as to be deemed dangerous to the health and welfare of his patients. An adjudication of mental incompetency in a court of competent jurisdiction or a determination thereof by other lawful means shall be conclusive proof of unfitness to practice optometry unless or until such person shall have been subsequently lawfully declared to be mentally competent;
- (8) Repealed by Session Laws 1981, c. 496, s. 12.
- (9) Has permitted the use of his name, diploma or license by another person either in the illegal practice of optometry or in attempting to fraudulently obtain a license to practice optometry;

- (12) Has been negligent in the practice of optometry;
- (13) Has employed a person not licensed in this State to do or perform any act of service, or has aided, abetted or assisted any such unlicensed person to do or perform any act or service which under this Article can lawfully be done or performed only by an optometrist licensed in this State;

Such documents are privileged, confidential, and not subject to discovery, subpoena, or other means of legal compulsion for release to any person other than the Board or its employees or consultants involved in the application for licensure, impairment assessment, or discipline of a licensee, except as provided in this section. However, any notice or statement of charges against any licensee or applicant, any notice to any licensee or applicant of a hearing in any proceeding, or any decision rendered in connection with a hearing in any proceeding shall be a public record within the meaning of Chapter 132 of the General Statutes, notwithstanding that the documentation may contain information collected and compiled as a result of the investigation, inquiry, or hearing.
